

Nyree

Nyree is easy to talk to and fun to be around. At 12-years old, she already excels in many areas of her life. She recently starred in High School Musical 1 and High School Musical 2 at her school. She says she is a better dancer than singer, but she loves to do both. She will even sing a little for you if you ask her. Nyree also competes in track and says her best race is the 100M. She won a blue ribbon for learning the most Bible verses at her school—66 in all, she says. Nyree is always busy, whether she's reading, doing Sudoku, or chatting with friends, she loves to be active and around people. She likes school, especially science. She would benefit from a family or parent who is eager to support her in her extracurricular endeavors and to help her succeed in her ambitious life goals.
